Tinting Brush

Category: **Beauty, Wellness & Fitness** Type: **Short SOP** Priority: **Medium** 8 labs

Covers these lab items: Bleach Brush; Bowl and colour Brush; Tinting Brush with Comb

What it is used for

Use a tinting brush to apply hair colour, bleach, or treatment product evenly according to the service instructions.

How to use

1. Select a clean tinting brush suitable for the product and application area.
2. Inspect the bristles and handle for damage or loose parts.
3. Wear gloves and prepare the product according to its instructions.
4. Section the hair and apply the product in controlled, even strokes.
5. Use the comb attachment, if present, only as intended and avoid contact with the eyes.
6. Observe the product's specified processing time and service procedure.
7. Clean or dispose of the brush according to its type and the product instructions.

⚠ Safety

- Wear suitable gloves and protect the client's clothing and skin as required.
- Avoid contact with eyes and irritated or broken skin.
- Follow product instructions, including patch testing where required.
- Do not mix products unless the manufacturer specifically permits it.

Care & storage

- Wash reusable brushes promptly with the recommended cleaner.
- Store clean, dry brushes separately from chemicals and used tools.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
