Stopwatch

Category: **Sports & Physical Education** Type: **Short SOP** Priority: **Medium** 7 labs

Covers these lab items: Stop Watch

What it is used for

Use a stopwatch to measure elapsed time during sports, physical education, training, or other timed activities.

How to use

1. Inspect the stopwatch buttons, display, and battery condition.
2. Reset the display to zero before starting a new measurement.
3. Position yourself where the activity can be observed clearly.
4. Press start at the agreed beginning of the activity.
5. Press stop when the required interval ends and read the time.
6. Record the result and reset the stopwatch for the next trial.
7. Switch off or store the stopwatch after use if applicable.

⚠ Safety

- Keep attention on the activity and avoid standing in the participants' path.
- Do not use a damaged stopwatch with loose battery parts.
- Keep the device away from water unless it is water-resistant.

Care & storage

- Wipe the stopwatch with a soft, dry cloth after use.
- Store it safely and replace the battery when needed.
