Cosmetic Pencil Sharpener

Category: **Beauty, Wellness & Fitness** Type: **Short SOP** Priority: **Medium** 3 labs

Covers these lab items: Eyebrow Pencil Sharpener

What it is used for

To sharpen an eyebrow or cosmetic pencil to a clean, usable point. To maintain hygiene and avoid breaking the pencil core or damaging the skin during use.

Main parts

- Sharpener body
- Cutting blade
- Pencil opening
- Shavings compartment, if fitted
- Protective cover, if fitted

Before you start

1. Check that the sharpener opening matches the pencil size.
2. Inspect the blade for damage, corrosion, or trapped residue.
3. Ensure the sharpener is clean and dry.
4. Use a separate clean sharpener for personal or client hygiene as required.

How to use

1. Remove the protective cover if fitted.
2. Insert the pencil gently into the correct opening.
3. Rotate the pencil slowly without forcing it.
4. Stop when the point reaches the desired shape.
5. Remove the pencil and inspect the tip.
6. Empty the shavings compartment and clean the sharpener.
7. Replace the cover and store safely.

⚠ Safety

- Keep fingers away from the cutting blade.
- Do not sharpen a pencil while it is near the eye or skin.
- Do not use a sharpener with a loose or damaged blade.
- Avoid sharing a contaminated sharpener between clients.

Care & storage

- Remove shavings after each use.

- Clean residue using the manufacturer's recommended method.
- Keep the blade dry and protected.
- Replace the sharpener if the blade becomes dull or damaged.

Common mistakes to avoid

- Using the wrong opening for the pencil size.
- Rotating too forcefully and breaking the core.
- Using a dirty sharpener on another person.
- Touching the cutting blade during cleaning.
