Whisk

Category: **Food Processing & Kitchen** Type: **Short SOP** Priority: **Medium** 3 labs

Covers these lab items: Whisks; Wire whiskers

What it is used for

To mix, beat, aerate, or blend food ingredients evenly during preparation.

How to handle

- Inspect the whisk wires and handle for looseness, corrosion, or damage.
- Use a clean whisk and a suitable bowl or container for the ingredients.
- Hold the handle securely and whisk with controlled movements to avoid splashing.
- Keep hands away from powered mixing equipment if using an attachment; switch off before adjusting or removing it.
- Wash, rinse, and dry the whisk after use.

Storage

- Ensure the whisk is completely clean and dry before storage.
- Store in a clean utensil holder or drawer away from contamination and crushing pressure.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
