Agility Ladder

Category: **Sports & Physical Education** Type: **Short SOP** Priority: **Medium** 2 labs

Covers these lab items: Agility Ladder

What it is used for

To practise footwork, coordination, balance, and agility through structured movement drills.

How to handle

- Inspect the ladder, rungs, straps, and connectors for damage before use.
- Lay the ladder flat on a dry, level, non-slip surface and secure it to prevent movement.
- Complete a warm-up and demonstrate the drill before participants begin.
- Move through the ladder with controlled steps, keeping eyes forward and allowing enough space between participants.
- Stop if the ladder shifts or anyone feels pain or dizziness; collect the ladder after the session.

Storage

- Wipe off dirt and moisture before storage.
- Fold or roll the ladder as designed and store in a dry sports-equipment area away from sharp objects.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
