Cake Decorating Tool

Category: **Food Processing & Kitchen** Type: **Short SOP** Priority: **Medium** 2 labs

Covers these lab items: Icing comb

What it is used for

To create even patterns, textures, and decorative finishes in icing or frosting using an icing comb.

How to handle

- Inspect the icing comb for cracks, sharp damage, or residue before use.
- Wash and sanitize the tool using food-safe procedures, then dry it before decorating.
- Apply frosting evenly and hold the comb at a suitable angle against the cake surface.
- Rotate the cake or move the tool steadily to create a consistent pattern without excessive pressure.
- Clean the tool immediately after use and prevent contact with non-food chemicals.

Storage

- Wash, sanitize, and dry completely before storage.
- Store in a clean, covered food-grade utensil container away from dust and chemicals.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
