Desk Lamp

Category: **Furniture, Storage & Display** Type: **Short SOP** Priority: **Medium** 2 labs

Covers these lab items: Desk Lamp; Desk Lamps

What it is used for

To provide localized lighting for reading, writing, inspection, or desk-based tasks.

How to handle

- Inspect the lamp, plug, cord, switch, bulb, and base for damage before use.
- Place the lamp on a stable, dry surface away from water and flammable materials.
- Use the correct bulb type and wattage specified by the manufacturer; avoid touching a hot bulb.
- Route the cord safely to prevent tripping, and do not overload sockets or use damaged electrical parts.
- Switch off and unplug the lamp before cleaning, changing the bulb, or adjusting electrical components.

Storage

- Switch off, unplug, and allow the bulb to cool before storing or moving the lamp.
- Coil the cord loosely and store in a dry location, protecting the shade and bulb from impact.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
