Dough Scraper

Category: **Food Processing & Kitchen** Type: **Short SOP** Priority: **Medium** 2 labs

Covers these lab items: Dough scrapers and plastic; Dough scrappers and plastic

What it is used for

To divide, lift, scrape, and transfer dough or other suitable food ingredients during preparation.

How to handle

- Inspect the scraper for cracks, sharp damage, residue, or a loose handle.
- Wash hands and clean the scraper using food-safe procedures before use.
- Use the flat edge to portion dough or scrape a work surface with controlled movements.
- Avoid forceful scraping that could damage the worktop; keep fingers clear of the edge.
- Wash, rinse, sanitize when required, and dry the scraper after use.

Storage

- Ensure the scraper is completely clean and dry before storage.
- Store in a clean, food-grade utensil holder or drawer away from chemicals and contamination.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
