Covers these lab items: Skirt- Hem Marker

What it is used for

To mark a consistent hemline on garments, such as skirts, before stitching or alteration.

How to handle

- Inspect the hem marker, measuring scale, adjustment mechanism, and marking attachment for damage.
- Place the garment on a suitable surface or have the wearer stand safely in the required posture.
- Set the desired hem height using a measuring tape and adjust the marker accordingly.
- Mark the fabric evenly around the garment without pulling or distorting it; use suitable marking material.
- Check the marked hemline for consistency before cutting or stitching.

Storage

- Clean off marking residue and dry the marker before storage.
- Store upright or in its protective case in a dry sewing area, protecting the measuring and marking parts.
