Covers these lab items: Aari Needles

What it is used for

An Aari needle is used for decorative embroidery with a hooked needle and suitable fabric setup. Handle the sharp hook carefully and use the correct needle for the embroidery work.

How to use

1. Inspect the needle and handle for damage, bending, or looseness.
2. Select a needle size and thread suitable for the fabric and design.
3. Secure the fabric in the embroidery frame or hoop.
4. Fit the needle into its handle or holder according to the design.
5. Guide the hook through the fabric using small, controlled movements.
6. Keep thread tension even and check the embroidery regularly.
7. Place the needle safely aside and collect loose threads after finishing.

⚠ Safety

- Keep the sharp hook pointed away from fingers and other people.
- Do not leave the needle loose on a chair, table edge, or floor.
- Use adequate lighting and avoid rushing during embroidery.

Care & storage

- Wipe the needle dry after use and store it in a protective needle case.
