Covers these lab items: Crochet Needle Set

What it is used for

A crochet needle or hook draws yarn through loops to create fabric and decorative patterns. Select a suitable hook size and maintain controlled hand movements.

How to use

1. Choose a crochet hook size appropriate for the yarn and pattern.
2. Check the hook tip and handle for damage or rough edges.
3. Secure the yarn and create the starting loop according to the pattern.
4. Hold the hook comfortably and draw yarn through loops with controlled movements.
5. Follow the pattern to make the required stitches and maintain even tension.
6. Check the fabric regularly for missed loops or uneven stitches.
7. Finish the work and store the hook and yarn safely.

⚠ Safety

- Keep the hook pointed away from your eyes and other people.
- Do not use a bent, cracked, or sharp-edged hook.
- Take breaks if your hands or wrists become uncomfortable.

Care & storage

- Wipe hooks clean and store them in a case to prevent loss or damage.
