Medical Consumable

Category: **Medical, Healthcare & First Aid** Type: **Handling note** Priority: **Medium** 7 labs

Covers these lab items: Gauze Piece (4X4); Suction Catheter; Syringe 50 cc/ml; Syringe 50cc/ml (Asepto); Syringe and droppers

What it is used for

Medical consumables such as gauze, suction catheters, syringes, and droppers support clinical care when handled hygienically.

How to handle

- Check product identity, size, sterility, expiry date, and packaging integrity before use.
- Use aseptic technique and follow the relevant clinical procedure and manufacturer's instructions.
- Do not reuse single-use items or share items between patients unless specifically designed and approved for reuse.
- Dispose of contaminated consumables and used sharps in the appropriate clinical waste stream.

Storage

- Keep sterile items sealed in clean, dry storage away from moisture, dust, and direct sunlight.
- Separate expired, damaged, or recalled stock from usable supplies.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
