Marker Cone

Category: **Sports & Physical Education** Type: **Short SOP** Priority: **Low** 3 labs

Covers these lab items: Cones; Marking Cones; Saucer Cone

What it is used for

Marker cones define boundaries, lanes, targets, and movement paths during sports and physical training. Arrange cones with adequate spacing and keep the training area clear of hazards.

How to use

1. Inspect each cone for cracks, sharp edges, or deformation.
2. Choose a flat, clear surface suitable for the planned activity.
3. Place cones according to the training layout and required spacing.
4. Explain the course or boundary markings to participants before starting.
5. Monitor cone positions during the activity and replace any displaced cones.
6. Collect cones after the session and check for damage.
7. Clean and store the cones in a designated location.

⚠ Safety

- Do not use broken cones with sharp edges.
- Keep cones away from vehicle routes and emergency exits unless specifically required by an approved setup.
- Maintain enough space between participants to prevent collisions.
- Remove wet or slippery hazards from the activity area.

Care & storage

- Wipe off dirt and moisture and store cones away from excessive heat or crushing loads.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
