Miscellaneous

Category: **Other** Type: **Handling note** Priority: **Low** 9 labs

Covers these lab items: Miscellaneous; Reserved; Spark; Super cut; Take-off tool

What it is used for

Miscellaneous tools and supplies support specific tasks when their identity and intended use are confirmed.

How to handle

- Identify each item and confirm its intended function before use.
- Check labels, compatibility, condition, and any supplied instructions.
- Use appropriate PPE and follow task-specific safety procedures.
- Do not use unidentified, damaged, or unsuitable items.
- Report missing instructions, defects, or uncertain applications to the supervisor.

Storage

- Label items clearly and store them according to their material and use.
- Keep unidentified items separate until verified by an authorised person.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
