Cable Tie

Category: **Consumables & Raw Materials** Type: **Handling note** Priority: **Low** 6 labs

Covers these lab items: Cable ties; Cable Ties and clamps

What it is used for

Cable ties and clamps bundle, organise, and secure compatible cables, hoses, and lightweight components.

How to handle

- Choose ties or clamps of suitable size, material, and load capacity.
- Inspect ties and clamps for cracks, sharp edges, or damaged locking mechanisms.
- Bundle cables without excessive compression and maintain required bend radius.
- Trim excess tie ends safely and avoid leaving sharp edges exposed.
- Keep ties away from hot surfaces or moving parts unless specifically rated for that use.

Storage

- Store ties and clamps by size and type in labelled containers.
- Keep them dry and away from sunlight and excessive heat.
