Tool Trolley

Category: **Furniture, Storage & Display** Type: **Handling note** Priority: **Low** 4 labs

Covers these lab items: Tool trolley; Tools trolley

What it is used for

A tool trolley moves and organises tools and equipment within workshops or training areas.

How to handle

- Inspect wheels, brakes, handles, shelves, and fasteners before moving the trolley.
- Distribute tools evenly and keep heavy items on lower shelves.
- Secure tools and close drawers before moving to prevent falling objects.
- Push at a controlled speed and keep the route clear of people, cables, and obstacles.
- Engage brakes when parked and never ride on or overload the trolley.

Storage

- Return tools to their assigned compartments after use.
- Park the trolley on stable ground in a designated area with brakes engaged.
