Magnetic Tool Holder

Category: **Automotive** Type: **Handling note** Priority: **Low** 3 labs

Covers these lab items: Magnetic bar

What it is used for

A magnetic tool holder keeps compatible metal tools organised and accessible in workshops.

How to handle

- Inspect the magnetic bar and mounting points for damage or looseness.
- Mount securely on a suitable surface according to the manufacturer's instructions.
- Place compatible tools evenly and ensure they are held firmly.
- Keep tools away from sensitive electronic devices, magnetic media, and equipment affected by magnets.
- Do not overload the holder or place sharp tools where they may fall.

Storage

- Keep the holder clean and dry.
- Remove tools before cleaning or servicing the holder.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
