Toothpick Holder

Category: **Food Processing & Kitchen** Type: **Handling note** Priority: **Low** 3 labs

Covers these lab items: Tooth Pick Holder

What it is used for

A toothpick holder stores toothpicks hygienically for approved food-service use.

How to handle

- Inspect the holder for cleanliness, cracks, and a secure lid where fitted.
- Use clean, dry toothpicks and avoid touching the ends that users may place in their mouths.
- Dispense toothpicks without contaminating the remaining supply.
- Clean and dry the holder regularly according to food-service hygiene procedures.
- Discard any toothpicks that become wet, damaged, or contaminated.

Storage

- Keep the holder covered and in a clean, dry service area.
- Store spare toothpicks in sealed packaging away from moisture and chemicals.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
