Hacksaw Blade

Category: **Consumables & Raw Materials** Type: **Handling note** Priority: **Low** 2 labs

Covers these lab items: Hack Saw Blade

What it is used for

Handle hacksaw blades carefully to prevent cuts and damage.

How to handle

- Wear safety glasses and suitable gloves when appropriate.
- Check the blade for cracks, bent sections, or damaged teeth before use.
- Fit the blade securely with teeth facing the correct cutting direction.
- Do not force the blade or touch the teeth unnecessarily.

Storage

- Store blades in their protective packaging or a designated holder.
- Keep dry and separate from loose tools to prevent injury.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
