Covers these lab items: Pad

What it is used for

Handle pads safely according to their intended use and material.

How to handle

- Identify the pad type and intended application before use.
- Inspect for tears, contamination, or other damage.
- Use clean hands or suitable gloves where hygiene is important.
- Do not reuse disposable pads intended for single use.

Storage

- Store clean pads in labelled packaging or containers.
- Keep dry and separate from chemicals or contaminated materials.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
