Shoe Cover

Category: **Safety & PPE** Type: **Handling note** Priority: **Low** 2 labs

Covers these lab items: Shoe Cover; Shoe Cover-Packet

What it is used for

Use shoe covers to reduce contamination in designated areas.

How to handle

- Wear shoe covers before entering the area where they are required.
- Check for tears and ensure the covers fit securely over footwear.
- Avoid walking on wet or slippery surfaces if the covers reduce traction.
- Remove covers without touching the contaminated outer surface and dispose of single-use covers appropriately.

Storage

- Keep unused covers sealed in their original packet.
- Store in a clean, dry place away from used PPE and waste.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
