Fish Transport Bag

Category: **Animal Husbandry & Dairy** Type: **Handling note** Priority: **Low** 1 labs

Covers these lab items: Fish seed transport bags

What it is used for

Handle fish seed transport bags to transport live fish safely.

How to handle

- Use clean, leak-free bags suitable for aquatic transport.
- Fill with suitable water and oxygen according to the approved transport procedure.
- Avoid overloading bags and minimise handling time and temperature fluctuations.
- Seal securely and keep bags away from sharp objects and direct sunlight.

Storage

- Keep unused bags clean, dry, and sealed in their original packaging.
- Store away from heat, punctures, chemicals, and direct sunlight.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
