Frame

Category: **Other** Type: **Handling note** Priority: **Low** 1 labs

Covers these lab items: Frame

What it is used for

Handle frames safely for display, mounting, or practical activities.

How to handle

- Check the frame for cracks, loose joints, broken glass, or sharp edges.
- Use both hands when carrying large frames and keep them upright where appropriate.
- Secure wall-mounted frames with suitable fittings and supports.
- Handle glazed frames carefully to prevent breakage.

Storage

- Store frames upright with protective padding between them.
- Keep dry and secure away from impact and high-traffic areas.

Disclaimer: This SOP is prepared from general information available on the internet. For detailed instructions, refer to the manufacturer's original manual / file.
