Thread Sealant

Category: **Plumbing & Pipe Fitting** Type: **Handling note** Priority: **Low** 1 labs

Covers these lab items: GI threaded joint's synthetic compound

What it is used for

Handle synthetic thread sealant for GI threaded joints safely and correctly.

How to handle

- Read the product label and safety data sheet before use.
- Confirm compatibility with the pipe material, thread type, and service conditions.
- Wear the specified PPE, ensure ventilation, and avoid skin or eye contact.
- Apply the recommended quantity and allow the required curing time before pressurising the system.

Storage

- Keep tightly closed in the original labelled container.
- Store under the manufacturer's recommended conditions away from heat and incompatible chemicals.
